(Contracting Security Services)

FINDING THAT IT IS ECONOMICAL FOR THE PUBLIC UTILITIES COMMISSION TO CONTRACT FOR SECURITY SERVICES IN ACCORDANCE WITH CHARTER SECTION 8.300-1

WHEREAS, Section 8.300-1 of the San Francisco Charter allows Departments to contract for services when the Board of Supervisors has determined it to be economical, and

WHEREAS, The San Francisco Public Utilities Commission desires to contract for security services to protect and preserve its property and capital assets from acts of vandalism and theft, and

WHEREAS, The Public Utilities Commission concurs with staff that it is more cost-effective to contract for security personnel, and

WHEREAS, Public Utilities Commission so stated its position in Resolution No. 83-0269 approved on June 7, 1983, and

WHEREAS, The Office of the Controller has determined that contracting for security personnel with an outside firm is both more economical and practical than hiring the same security personnel, now, therefore be it

RESOLVED, That the Board of Supervisors hereby finds it more economical for the Public Utilities Commission to contract for security personnel than to hire the same security personnel for the period of July 1, 1983 to June 30, 1984.

(Appropriations)

ESTABLISHING THE APPROPRIATIONS LIMIT FOR FISCAL YEAR 1982-83 PURSUANT TO CALIFORNIA CONSTITUTION ARTICLE XIII B.

WHEREAS, Article XIII B of the California Constitution provides that the annual appropriations of the City and County of San Francisco which are subject to said Article may not exceed the appropriations limit for the prior year, with adjustments as provided in said Article XIII B; and

WHEREAS, the California Government Code, Section 7901, defines the terms, and Section 7902(b) sets forth the equations to be used to determine San Francisco's annual appropriations limit, according to the following formula:

> "(b) For the 1981-82 fiscal year and each year thereafter, the appropriations limit of the state and of each local jurisdiction shall equal the appropriations limit for the prior fiscal year multiplied by the lesser of the change in cost of living for the calendar year in which the fiscal year begins or the change in California per capita personal income for the calendar year preceding the beginning of the fiscal year for which the appropriations limit is to be determined, the product multiplied by the change in population of the local jurisdiction for the calendar year preceding the beginning of the fiscal year for which the appropriations limit is to be determined, and adjusted for other changes required or permitted by Article XIII B of the California Constitution."

WHEREAS, in the case of San Francisco, the prior fiscal year is 1981-82, the calendar year to be used is 1981, and the the State Department of Finance; and

WHEREAS, the appropriations limit for San Francisco for 1981-82 was $575,747,439.00; the change in cost of living for 1981 was less than the change in California per capita personal income for 1981 (an increase of approximately 6.79%, resulting in a factor of 1.0679); and the change in population for 1981 (an increase of approximately 1.21%, resulting in a factor of 1.0121); and

WHEREAS, the resulting calculation establishing San Francisco's appropriations limit is:

$575,747,439.00 x 1.0679 x 1.0121 = $622,280,268.00;

WHEREAS, this matter has been considered at a regularly scheduled meeting of the Board of Supervisors for the City and County of San Francisco; and

WHEREAS, Recent federal actions are forcing historic changes in the telecommunications industry; and

WHEREAS, These actions have raised serious questions concerning the continued availability of low priced telephone service; and

WHEREAS, Regulated telephone companies have traditionally had their rates established by State Public Utilities Commissions; and

FILE NO. 13-83-5 RESOLUTION NO. 715-83

(FEDERAL REGULATION)

PROTESTING THE FEDERAL "DEREGULATION" MOVEMENT WHEN IT INFRINGES ON THE EXERCISE OF REGULATORY POWERS TRADITIONALLY ALLOCATED TO LOCAL AUTHORITIES; AND, IN THAT CONTEXT, AUTHORIZING THE CITIZENS' TELECOMMUNICATIONS POLICY COMMITTEE TO UPHOLD LOCAL AUTHORITY BY JOINING OTHER CABLE GROUPS IN SEEKING AMENDMENTS TO S. 66, A PROPOSED CABLE TELECOMMUNICATIONS ACT, WHICH WOULD PRESERVE SAN FRANCISCO'S ABILITY TO MAXIMIZE THE BENEFITS OF THE CABLE TV FRANCHISE; AND REQUESTING THE MAYOR TO FORWARD THE CITIZENS' TELECOMMUNICATIONS POLICY COMMITTEE'S OBJECTIONS TO S. 66 WHICH ARE EMBODIED IN THIS RESOLUTION TO SAN FRANCISCO"S DELEGATION IN CONGRESS WITH A REQUEST THAT THEY TAKE ALL ACTION NECESSARY TO EFFECTUATE THE INTENT OF THIS RESOLUTION.

WHEREAS, the Congress of the United States appears to be easily persuaded that "deregulation" of various types of potential monopoly will improve the efficiency of the economy; and

WHEREAS, such "deregulation" frequently infringes on the exercise of regulatory powers traditionally allocated to local authorities; and

WHEREAS, no showing has been made that "deregulation" results in lowered or stabilized prices; and

WHEREAS, this trend of "deregulating" without a conferring of measurable benefits on the public but with an erosion of local authority is now observable in S. 66, a proposed federal telecommunications act which would "deregulate" the cable TV industry; and

WHEREAS, the Citizens' Telecommunications Policy Committee, a group formed to advise the Board of Supervisors on cable TV policy, has studied S. 66 and has identified the sections which are unfavorable to the City's bargaining position on franchise

WHEREAS, the most important of these unfavorable provisions are:

1. A franchise renewal/extension requirement which raises such a strong presumption of automatic renewal/extension that the City's ability to bargain for state-of-the-art upgrading and other advantages is undermined; and

2. The removal of local basic service rate control after the expiration of eleven years (half of the remaining life of San Francisco's franchise agreement with Viacom International) is a definite loss of local authority; and

WHEREAS, the Citizens' Telecommunications Policy Committee is working in concert with other concerned local authorities to obtain amendments in the House of Representatives which will preserve local authority; now, therefore, be it

RESOLVED, That the Board of Supervisors protests the federal "deregulation" movement when it infringes on the exercise of regulatory powers traditionally allocated to local authorities, and, be it

FURTHUR RESOLVED, That the Board of Supervisors authorize the Citizens' Telecommunications Policy Committee to work with other cable committees to obtain amendments to S. 66 which include:

1. A clear expression that proposed extension/renewal standards do not convey a "vested right of renewal" to the franchise.

2. The provision of renewal/extension standards which include reasonable state-of-the-art upgrading and procedures for public review.

3. An amendment which removes the deregulation of basic service rates; or in the alternative, couples basic service rate deregulation with negotiation of consumer complaint handling, access production assistance, and franchise enforcement mechanisms such as exist in California law.

4. A reconciliation of the cities' need to preserve local control with such legitimate federal legislative concerns as: anti-trust immunity of franchising authorities; cross ownership of cable systems by program suppliers and other media; mandatory interconnection of systems; nondiscrimination in third party leased channels; and subscriber privacy; and, be it

FURTHUR RESOLVED, That copies of this resolution be forwarded to her Honor, the Mayor, for transmittal to the City's Legislative Representative for presentation to San Francisco's delegation in the Congress of the United States with the request that they take all action necessary to effectuate the intent of this resolution.

(Appropriations)

ESTABLISHING THE APPROPRIATIONS LIMIT FOR FISCAL YEAR 1983-84 PURSUANT TO CALIFORNIA CONSTITUTION ARTICLE XIII B.

WHEREAS, Article XIII B of the California Constitution provides that the annual appropriations of the City and County of San Francisco which are subject to said Article may not exceed the appropriations limit for the prior year, with adjustments as provided in said Article XIII B; and

WHEREAS, the California Government Code, Section 7901, defines the terms, and Section 7902(b) sets forth the equations to be used to determine San Francisco's annual appropriations limit, according to the following formula:

> "(b) For the 1981-82 fiscal year and each year thereafter, the appropriations limit of the state and of each local jurisdiction shall equal the appropriations limit for the prior fiscal year multiplied by the lesser of the change in cost of living for the calendar year in which the fiscal year begins or the change in California per capita personal income for the calendar year preceding the beginning of the fiscal year for which the appropriations limit is to be determined, the product multiplied by the change in population of the local jurisdiction for the calendar year preceding the beginning of the fiscal year for which the appropriations limit is to be determined, and adjusted for other changes required or permitted by Article XIII B of the California Constitution."

WHEREAS, in the case of San Francisco, the prior fiscal year is 1982-83, the calendar year to be used is 1982, and the population figure is the annual change in population provided by the State Department of Finance; and

WHEREAS, the appropriations limit for San Francisco for 1982-83 was $622,280,268.00; the change in California per capita personal income for 1982 was less than the change in cost of living for 1982 (an increase of approximately 2.35%, resulting in a factor of 1.0235); and the change in population for 1982 (an increase of approximately 1.64%, resulting in a factor of 1.0164); and

WHEREAS, the resulting calculation establishing San Francisco's appropriations limit is:

$622,280,268.00 x 1.0235 x 1.0164 = $647,349,078.00;

WHEREAS, this matter has been considered at a regularly scheduled meeting of the Board of Supervisors for the City and County of San Francisco; and

WHEREAS, the documentation used to determine the appropriations limit for the City and County of San Francisco for fiscal year 1983-84 was available for public inspection in the office of the Clerk of the Board of Supervisors for at least fifteen (15) days prior to said regularly scheduled meeting; now, therefore, be it

RESOLVED, that the appropriations limit for fiscal year 1983-84 is established as $647, 349,078.00.

Amendment of the Whole

FILE NO. 217-83

RESOLUTION NO. 799-83

[Great Highway and Shoreline Protection Plan]

RESCINDING RESOLUTION NUMBER 984-77 CALLING FOR A FOUR-LANE CURVILINEAR ROADWAY AND URGING THE CHIEF ADMINISTRATIVE OFFICER TO REQUEST THE DIRECTOR OF PUBLIC WORKS AND CLEAN WATER PROGRAM TO DESIGN THE GREAT HIGHWAY AS A STRAIGHT, FOUR-LANE ROADWAY; TO REQUEST A SUPPLEMENTAL APPROPRIATION FOR A STUDY OF SHORELINE EROSION AND TO SEEK FUNDS TO IMPLEMENT A SHORELINE PROTECTION PLAN BY 1985.

WHEREAS, In Resolution Number 195-77, the Board of Supervisors mandated that the concepts in the City's Master Plan for the Ocean Beach Scenic Roadway be implemented concurrently with construction of the Westside Transport along the Great Highway, and

WHEREAS, In Resolution Number 984-77, the Board of Supervisors approved the concepts in the "Redesign Plan for the Great Highway", and adopted the four-lane curvilinear roadway alternative, and

WHEREAS, The California Coastal Commission's permit conditions placed the roadway alignment east of the existing Great Highway alignment due to concerns about shoreline erosion, and

WHEREAS, The alignment of the roadway as conditioned by the Coastal Commission is not in the best interests of the City because of the adverse impacts on neighborhood residents, and

WHEREAS, The Director of Public Works and Clean Water Program has recommended a straight alignment within the limits of the existing Great Highway location (copy of which is on file with the Clerk of the Board of Supervisors in File Number 217-83 and is hereby declared to be a part of this resolution as if set forth fully herein); and

WHEREAS, The recommended alignment has been approved by the Recreation and Park Commission; and

WHEREAS, The City Planning Commission has found the recommended alignment in conformity with the Master Plan; and

WHEREAS, It will be the continuing policy of the City and County of San Francisco to maintain the Great Highway and to control erosion; and

WHEREAS, In Resolution Number 481-83, the Board of Supervisors requested a study of shoreline erosion by the U. S. Army Corps of Engineers; now, therefore, be it

RESOLVED, That Resolution Number 984-77 calling for a four-lane curvilinear roadway is hereby rescinded; and be it

FURTHER RESOLVED, That this Board of Supervisors does hereby urge the Chief Administrative Officer to request the Director of Public Works and Clean Water Program to:

1. Design the Great Highway as a straight, four-lane roadway aligned to provide the same distance between traffic and residences along the Lower Great Highway as existed before construction of the Westside Transport and to provide a 30' buffer zone between the roadway and the existing Golden Gate National Recreation Area boundary, and

2. Implement Resolution Number 481-83 by requesting a supplemental appropriation for a study of shoreline erosion to be supervised by the U. S. Corps of Engineers, and

3. To seek funds to implement a shoreline protection plan by 1985.
